<p>Rehabilitation System Improvement ACC and</p>	<ul style="list-style-type: none"> • ACC has been undertaking significant mahi to understand opportunities to improve the end-to-end experience of the

<p>Provider Hui 3 – Insights for Review <i>See attached Insights from Provider Rehabilitation System Workshop</i></p>	<p>rehabilitation system for clients, and improve rehabilitation outcomes.</p> <ul style="list-style-type: none"> • There are opportunities to improve the experience for you, as well as for ACC clients, employers, and staff. To help ACC achieve this they are working through a design phase, focused on what they want the rehabilitation system to look and feel like, the key steps to get there, and the first steps needed to take. ACC are working closely with a group of providers from across the sector on this to ensure your views are represented (this includes the CEO of GPNZ and PHO representatives). • Alongside the high-level design work, ACC are testing some early improvements informed by what their clients, providers, employers, and staff have told them. These initiatives include: <ul style="list-style-type: none"> ○ Trialling improvements within their contact centre to make it easier for their team to support both clients and providers by resolving more of their queries at the first point of contact. ○ Testing ways to streamline processes and improve the quality of information they include when referring clients to providers for vocational services. ○ Testing ways to streamline processes and improve the timeliness in paying their clients their Weekly Compensation. ○ Testing a one-to-one approach for some of their new clients who are off work due to their injury. This will begin in mid-November and will initially be with a small group of staff in their Assisted Recovery teams. • These improvements will save time and effort for ACC clients, providers, employers, and staff, and improve service levels and client outcomes. • A further update will be provided on the high-level design and these early improvements and next steps in December.
<p>Ruruku – Latest News and Updates November 6 2023 View online</p>	<ul style="list-style-type: none"> • News and updates from Te Whatu Ora and Te Aka Whai Ora can be viewed via the attached link.
<p>Proposal to Fund Testosterone Gel and to Award Principal Supply Status to Testogel View online</p>	<ul style="list-style-type: none"> • See the attached link to this proposal from Pharmac.
<p>Successful Procurement for the National Rural Telehealth Contract <i>See attached letter</i></p>	<ul style="list-style-type: none"> • Ka Ora Telehealth announce their recent successful procurement of the National Rural Telehealth Contract. • For more information, visit their website http://www.kaora.co.nz/
<p>Decision to Decline Inactive Funding Applications</p>	<ul style="list-style-type: none"> • A notification document containing details of this decision can be found on the Pharmac website here.
<p>Introducing Recovered Living –</p>	<ul style="list-style-type: none"> • See attached poster for those who need residential treatment for an eating disorder. Poster can be printed and

<p>An Eating Disorder Residential Treatment Centre <i>See attached poster</i></p>	<p>displayed on noticeboards so patients in the waiting area can see it and scan the QR code for more details. Brochures are also available.</p> <ul style="list-style-type: none"> • Any questions or further information, please visit www.recoveredlivingnz.com or contact • admissions@rlnz.org.

<p>Update for Pharmacists View online and Pharmacists in General Practice November 10 2023 View online</p>	<ul style="list-style-type: none"> • To see the latest updates from Pharmac, please view online.
<p>Top Weekend Viewing</p>	<ul style="list-style-type: none"> • This week we are looking at some of our current popular ‘home-grown’ programmes. These are sure to make you smile whatever the topic. <ul style="list-style-type: none"> ○ The Casketeers (TVNZ+) - Passionate proprietors Francis and Kaiora Tipene offer a unique insight into Tipene Funerals, where the taboo of death is addressed with dignity and aroha...and a bit of humour. See trailer ○ Far North (ThreeNow) – The (mostly) true story of how the most comically inept gang to ever join forces got half a billion dollars' worth of meth to New Zealand shores - and nearly to market. And they would have got away with it too, if it wasn't for a pesky 70-year-old Māori diesel mechanic and his aqua-aerobics instructing wife! See trailer ○ Homebound 3.0 (ThreeNow) – In exchange for free rent, Henry is forced to go out on arranged ‘dates’ by his parents and their over-zealous family friends. He needs a fake girlfriend to get them off his back. Received great reviews. See trailer
